HSBC US Onboarding: Getting Started with Tradeshift
HSBC are partnering with Tradeshift to provide a fast and secure way for you to send invoices and issue Purchase Orders (POs) electronically. This will help us reduce the amount of paper we use across the Bank, and is another step towards becoming net zero across our operations by 2030.

This will become the preferred method for receiving invoices at HSBC from Monday, 1st May 2023.
Important Note

Those currently using **Oracle Supplier Portal (OSP)** or **Oracle Business Network (OBN)** will need to move to **Tradeshift** by **1st May 2023** as this is being demised and invoices will not be received after this date.

PO Flip Method

Applicable to sellers who receive POs from HSBC
How to Flip Documents

Do you know?

Search a Purchase Order for PO flip:

PO flip means that you are generating an Invoice.

Search an Invoice for Invoice flip:

Invoice flip means that you are generating a Credit Note.

1. Click the Document Manager app

2. Search for the Purchase Order you wish to invoice against

Tip: Click to CLEAR ALL the filters before searching for other documents such as Invoice or Credit Note.

3. Select the Purchase Order by clicking the Document ID
**PO Flip Method**

Always ensure all details are accurate before flipping any documents.

Click **ACCEPT** as confirmation of the PO.
Creating an Invoice using PO Flip Method

1. Make sure the your customer’s Legal Entity is correct

2. Insert the mandatory fields such as:
   - Invoice Number
   - Issue Date
   - Currency (of the invoice) *(pre-filled)*
   - Delivery date
   - HSBC Purchase Order Number *(pre-filled)*
   - Purchase order issue date *(pre-filled)*
   - Optional: HSBC Contact’s Email Address *(pre-filled)*

3. Add mandatory field: ‘Payment due date’ from the drop down at header. Add the [Exchange Rate] from this drop down for non-local currency transactions

**NOTE:** HSBC’s details are automatically populated (according to the PO), DO NOT change.
Creating an Invoice using PO Flip Method

If exchange rate is applicable:

- Add the [Exchange Rate] by clicking the ‘Add optional field’ at header for non-local currency transactions. Select ‘Exchange rate’
- The Invoice currency must follow the currency in the PO

Refer to the steps as below:

a. Insert the exchange rate. This exchange rate should be known by the supplier. If not, please check with your Finance department.

b. Currency: The currency in the supplier’s country (which is different with the invoice currency)

c. Date of exchange rate: Must be aligned with an exchange rate value

Converted tax total (in supplier’s country currency): Total tax charged in the invoice, based on calculation by the supplier.

Converted document total (in supplier’s country currency): Total amount after conversion based on the exchange rate, based on calculation by the supplier.
Creating an Invoice using PO Flip Method

4. You may amend the quantity for partial invoicing

5. Click on the column and select a Tax % from the list

⚠ You CANNOT amend or discard the copy after you have sent the Invoice. Always double check the details before sending.

You will see error messages (in red) if your document is incomplete. In this case, follow the instruction and insert the details to fix the error(s).
Important Notes

**Invoicing with a PO**

- The PO must exist in your Document Manager and always make sure the status of the PO is under **RECEIVED**.
- You **must create an Invoice via PO Flip** on the platform.
- Invoice line **Unit of Measure (UOM)** must be the same as the Purchase Order Line UOM
- The **Invoice Currency** must be the same as the Purchase Order Currency

**Invoicing **without** a PO**

- If PO number is not provided, you **must provide the HSBC Contact’s Email Address** at header level in the form of “name”@hsbc.com.
- If you are unsure of the details mandated by HSBC, please refer to the existing contract or reach out to your Customer directly.
Important Notes

- HSBC is moving towards mandating POs for all invoices later this year, thus it is important to submit invoices based on best practice with POs. HSBC recommends suppliers to obtain a Purchase Order (PO) prior to delivery of goods or services. If suppliers do not have it, please reach out to HSBC contact and request the PO.

- Those currently using Oracle Supplier Portal (OSP) or Oracle Business Network (OBN) will need to move to Tradeshift by 1st May 2023 as this is being demised and invoices will not be received after this date

FAQs

5. I have sent an Invoice, but realized that I made a mistake. How do I correct this?

An already sent invoice cannot be directly modified due to the VAT certification. Nevertheless, if you made a mistake or wish to change something on an invoice, then you can do so by creating a credit note related to that invoice. Refer to this article on how to create a Credit Note.

6. My invoice volume is significant. Is there other option to automate the invoicing process?

If you have an invoice volume greater than 300 invoices/year, we offer the option of an EDI integration. If you would like to proceed with EDI, please reach out to HSBC directly for the request. On the other hand, you may refer to https://tradeshift.com/integrate/ to find out more information about integrating with Tradeshift for invoicing.
Thank you!
